Project: "Youth as community resource"

RECOMMENDATIONS

TO IMPROVE TOURIST OFFER

- Connect Željezara and the City center in creative ways (make souvenirs, key rings etc., based on monuments in Željezara and other Željezara symbols);
- Rich history of the City is not visible, put more tourist / history info points around the City, especially on or near bus / railway stations;
- Offer tourists to rent kayaks / canoes and create a program for kayaks / canoes for example rowing to the Old city fortress;
- Create a new tourist city map, totally redesign it and add at least English, German and French language;
- Better touristic marketing of the City through creating a recognizable symbols and promote it through big banners and other tools, include sister cities in promotion of Sisak (not visible anywhere);
- Use old / broken industry as tourist offer through restoring old machines, putting old pictures, make thematic exhibitions / spaces etc.;

INVEST IN CULTURE

- Color with washable color the monuments in Željezara by using creative workshops with youth;
- Revitalize monuments, especially those in Željezara, together with citizens especially youth and youth from technical high schools (it could be a part of education program on more levels);
- Emphasize visibility of monuments by putting creative colors / LED lights around monuments;

CREATE NEW SPORT PROGRAMS / OUTDOOR ACTIVITIES

- Build content on both side of Kupa river bank such as playgrounds, sport courts, more walking area, flower arrangements, bicycle tracks / running tracks etc.;
- Readapt old / out of function spaces, for example Željezara swimming pool to become a Skate Park, open theatre / movie theatre, music / dance events etc.;
- To live more with the rivers / on the rivers by increasing programs and offer for youth and others on river such as: renting kayak and canoe, making more events on rivers etc.;
- Increase systematically physical activity of high school students by creating school programs in which they will have a block of classes on rivers (learning how to canoeing and canoeing / kayaking);
- Renewing sport equipment and include youngsters in it;
- Build up Adventure Park for example next to the Old castle. This will increase sport offer, tourist offer and job opportunities for young people;
- Create workshops for youth in Old town for example based on History of Sisak.
